CORALBELLS INTERNATIONAL SCHOOL - STUDENT COUNCIL

School Student Council is a school body which is formed by a group of students who are ideally elected by other students to represent them in school government and to help plan activities for students. It is a vibrant, energetic student-run organization whose members represent the qualities of character, academic excellence and global values which the school aims at cultivating in its students. In the year of inception of our school, students have been selected to form the school student council, basis regularity and active class participation. The student council provides scope to contribute in the development of students' leadership skills, program planning and volunteering.
