Subject: School Bag Check

Dear Parents,

Random check of student school bags has revealed the following:

1. School bag is not being arranged as per time table
2. Daily updates sent on MSO is not being followed in all cases. It must be checked daily in order to send only the books and/or notebooks as mentioned and as required for the next day.
3. Rough notebook/long registers not mentioned by school has been sent in the school bag. The same must not be sent.
4. Practice notebooks that may be used by the child at home was also found in school bag. Please do not send these.

All of the above measures are to minimise bag weight of school students, keeping in mind the age and carrying capacity of students. It is with this concept that the school follows a bagless day every Wednesday. Teaching staff have been instructed to follow all norms strictly.

Please get in touch with school in case of any help or assistance that may be needed.

Principal (CBIS)
