"The most beautiful world is always entered through imagination." Helen Keller

Dear Parents,

A fancy dress event is being organized for students of pre-primary section of our school. It may seem to be a mere fun activity, but taking part in fancy dress is of great benefit to children, especially for toddlers, preschoolers and for children in the foundation years. It helps to build their imagination and vocabulary. They learn to imitate the mannerisms of the character they're dressed up as, and, may even create their own special traits and themes, which encourages them to "think outside the box," practice different emotions and use their language skills to communicate. Dressing up and dramatic play also engages child's brain and memory as they remember what they've seen or heard.

For the above event, **parents are requested to send their child to school dressed up in costume to represent a character as per their choice, to match the above mentioned theme. Parents may guide their child to speak few words to match the character they would be dressed up as.**
